

K-LOVE Radio serves my community and country. I travel a lot and the services of K-LOVE Radio are valuable to myself and countless others. The positive programming and inspirational media is essential to the positive progress of families and our society. It provides worry free programming for families, kids, teens, and adults. If K-LOVE is displaced by a LPFM broadcaster providing other programming, it would be a huge disservice to the populations of people desiring the programming and services provided by K-LOVE and would remove one of the few totally positive media influence from our communities. The continuation of K-LOVE radio is in the public's best interest as its quality of programming is unique and beneficial to our communities and nation.
